

- It is important to note that test figures shown in the guide are for comparison of different models and will not necessarily be the same as the fuel consumption, emissions levels, or noise levels actually achieved on the road. For this reason it is not advisable to rank a number of vehicles for which very similar figures are quoted.
- The test to test variability in type approval local pollutant emission figures means they are of only limited value in comparing vehicles and caution should be exercised when considering these figures. More detail is given later in this guide.

CO<sub>2</sub> Information - The CO<sub>2</sub> figures shown are representative of the vehicle tested and may vary between specifications (variants or versions) of a given model. As such the figures are indicative only.

### Other useful information

#### Vehicle Excise Duty (VED)

Vehicle Excise Duty (VED) - For vehicles registered since 1st March 2001, the CO<sub>2</sub> shown on the V5 (Registration Document) is used as the basis for applying VED rates for new passenger cars.

Road Tax as at April 2016:

		2016-2017 first year rate	2016-2017 standard rate
Bands	CO <sub>2</sub> emissions figure (g/km)	12 month rate (£)	12 month rate (£)
Band A	Up to 100	£0.00	£0.00
Band B	101 - 110	£0.00	£20.00
Band C	111 - 120	£0.00	£30.00
Band D	121 - 130	£0.00	£110.00
Band E	131 - 140	£130.00	£130.00
Band F	141 - 150	£145.00	£145.00
Band G	151 - 165	£185.00	£185.00
Band H	166 - 175	£300.00	£210.00
Band I	176 - 185	£355.00	£230.00
Band J	186 - 200	£500.00	£270.00
Band K	201 - 225	£650.00	£295.00
Band L	226 - 255	£885.00	£500.00
Band M	Over 255	£1,120.00	£515.00

\* Band K includes cars that have a CO<sub>2</sub> emissions figure over 225g/km but were registered before 23 March 2006.

Notes:

- The standard rate applies to all car fuel types
